Classifier Score vs packetloss (Testing Sample)

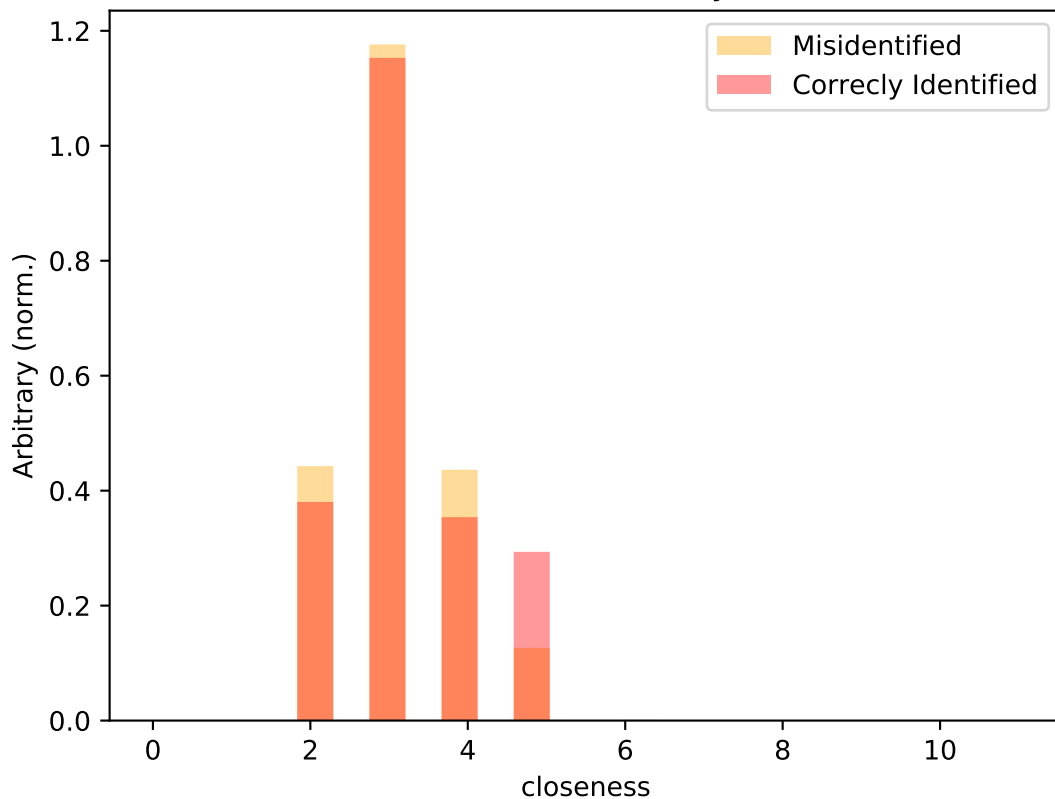

Classifier Score vs latency (Testing Sample)

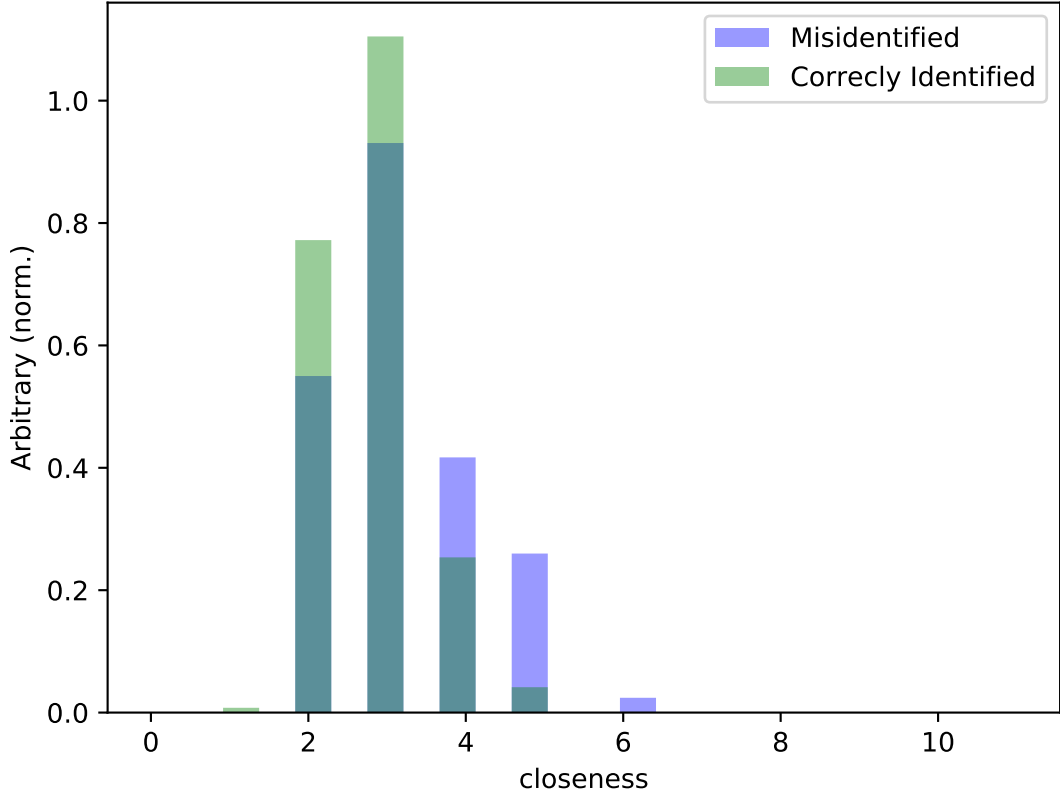

# Closeness Distribution for Successes and Failures

Closeness Distribution for mis- and Correctly Identified Failed Transfers

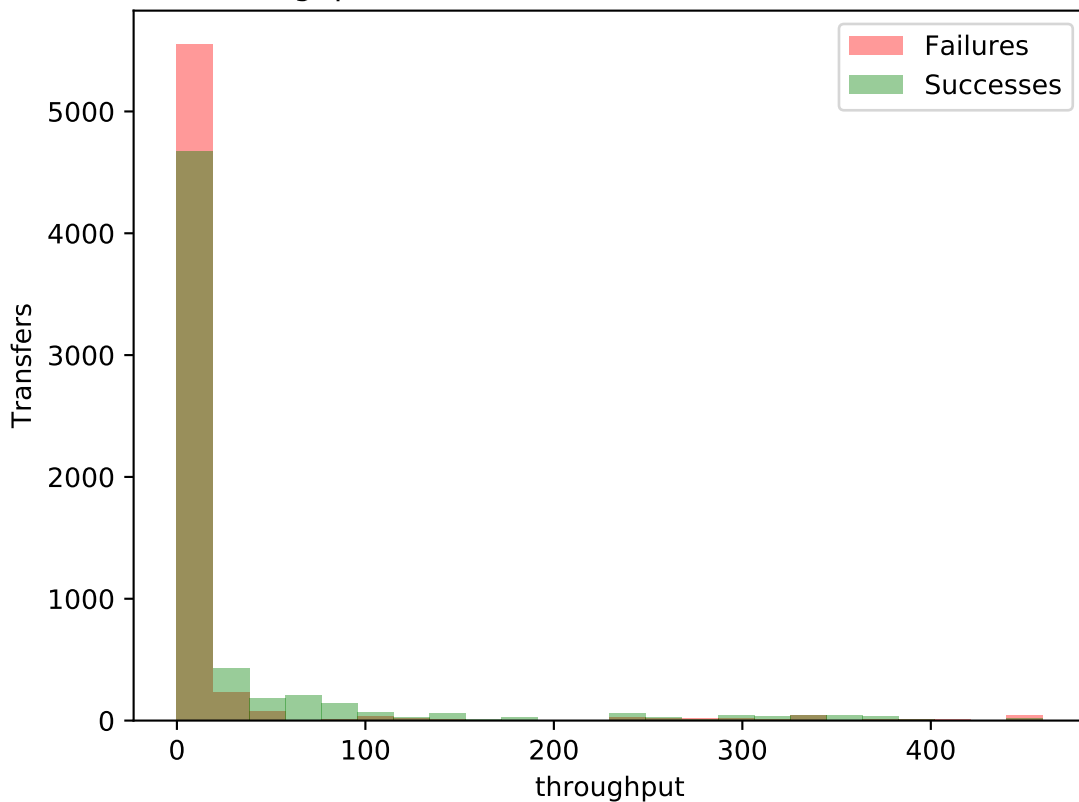

Closeness Distribution for mis- and Correctly Identified Successful Transfers

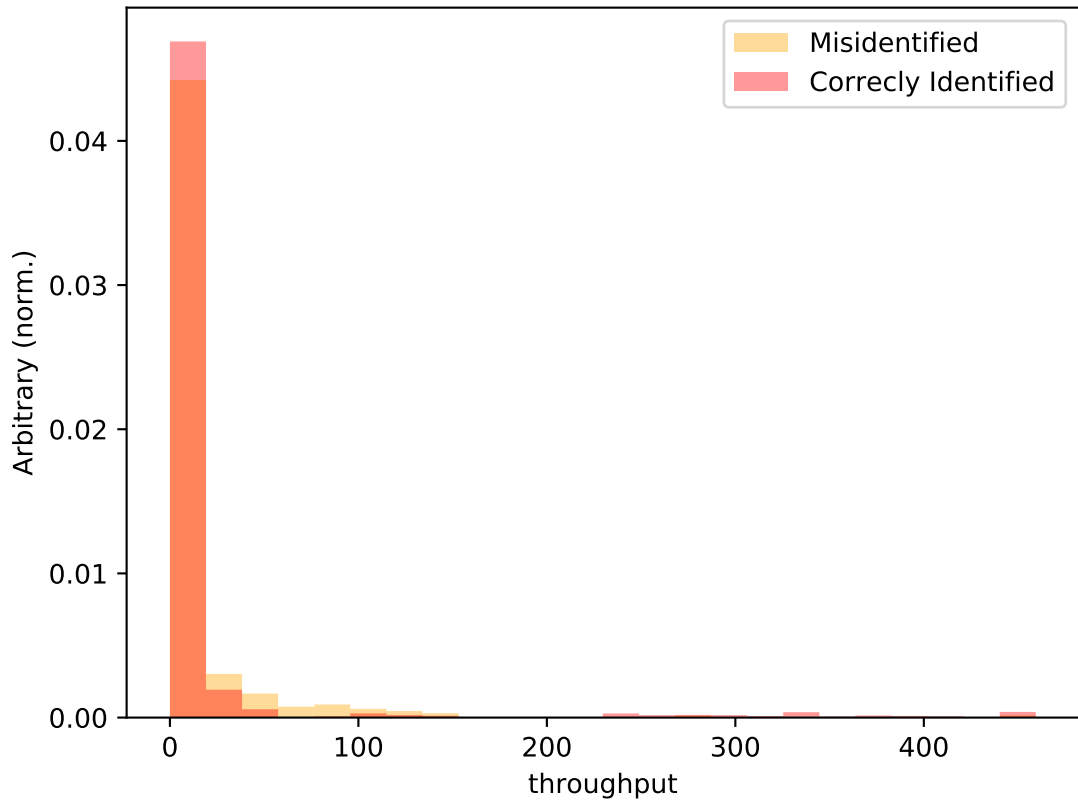

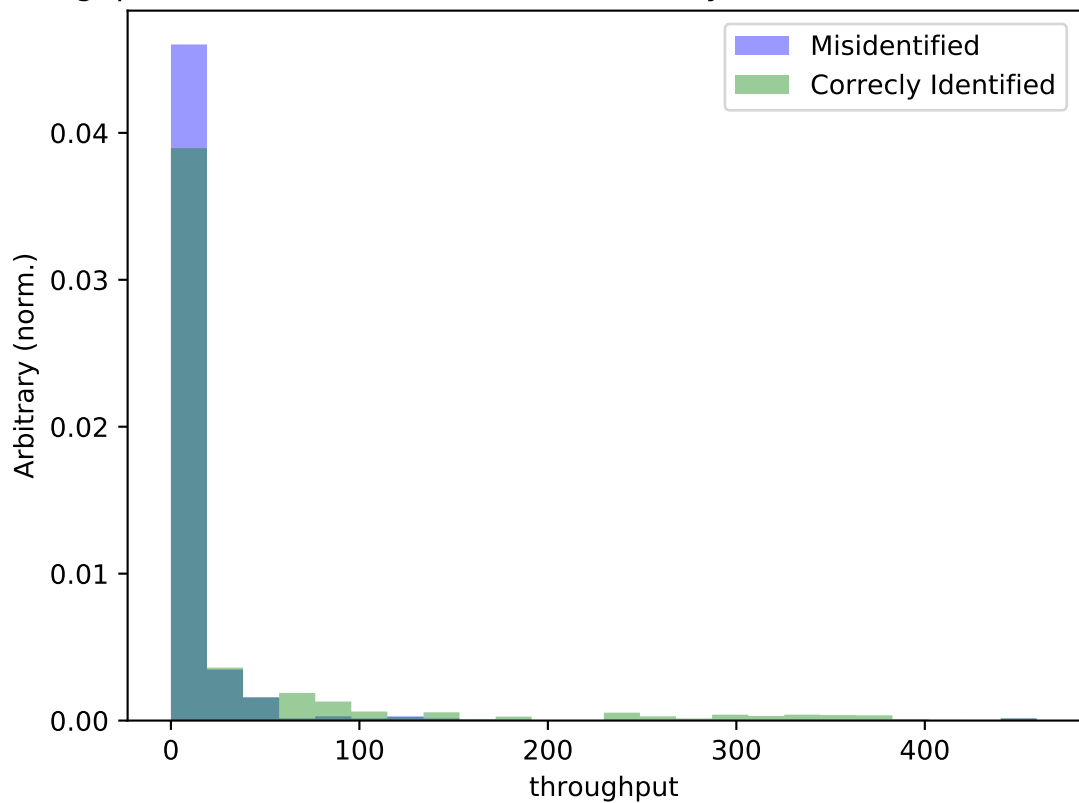

# Throughput Distribution for Successes and Failures

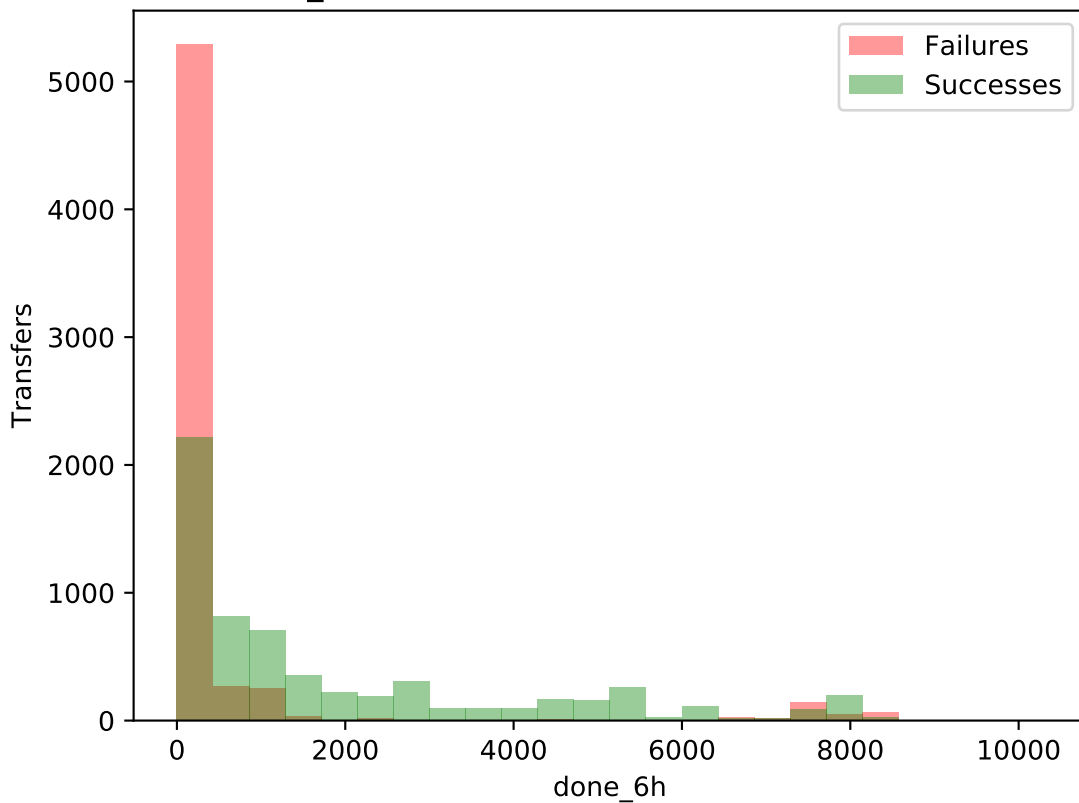

Throughput Distribution for mis- and Correctly Identified Failed Transfers

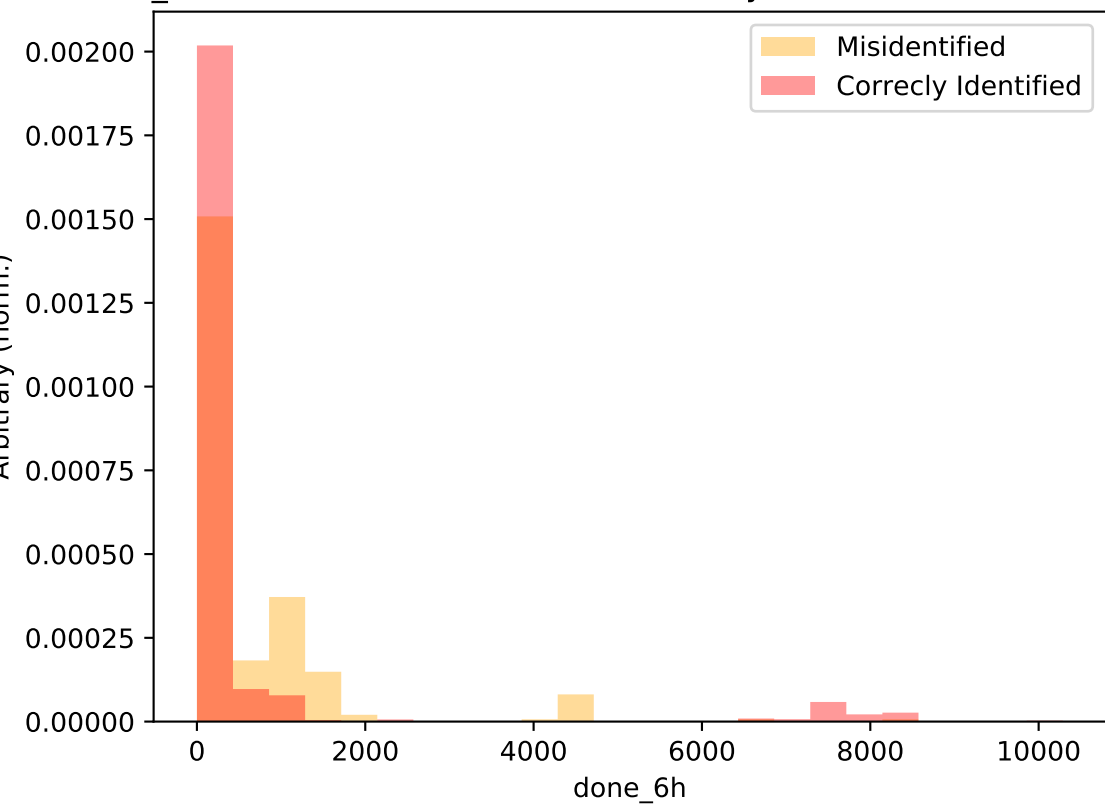

Throughput Distribution for mis- and Correctly Identified Successful Transfer

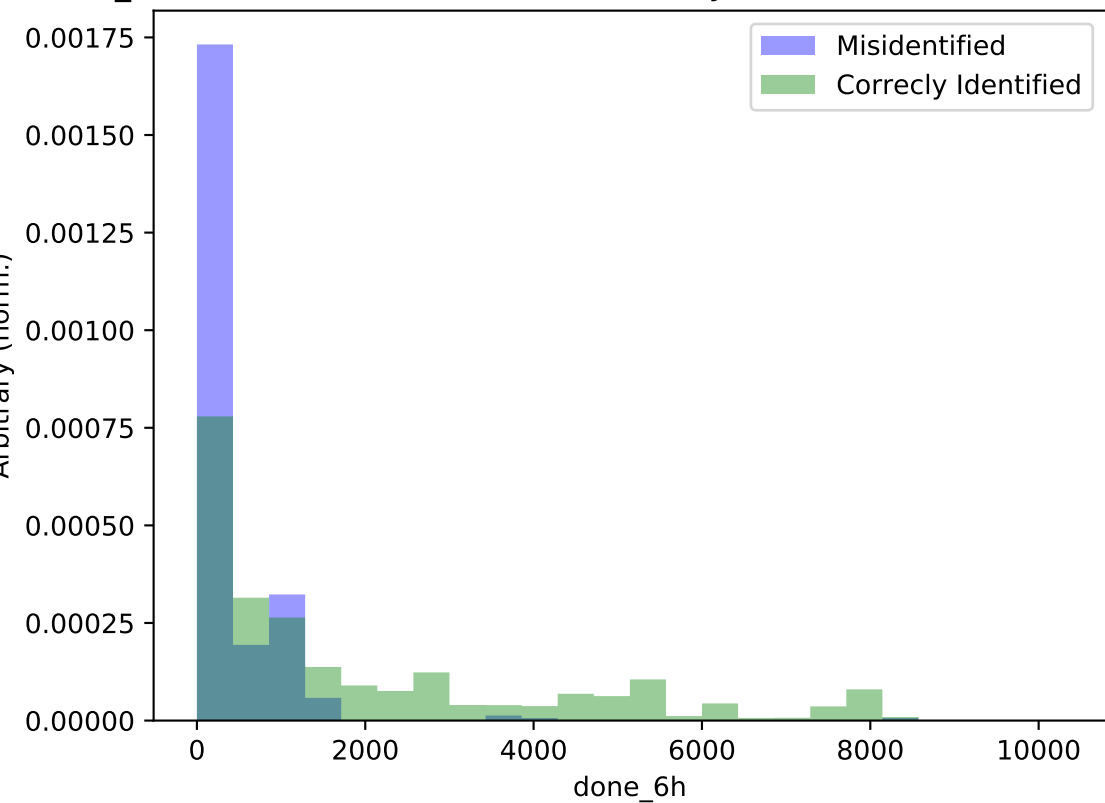

Done\_6h Distribution for Successes and Failures

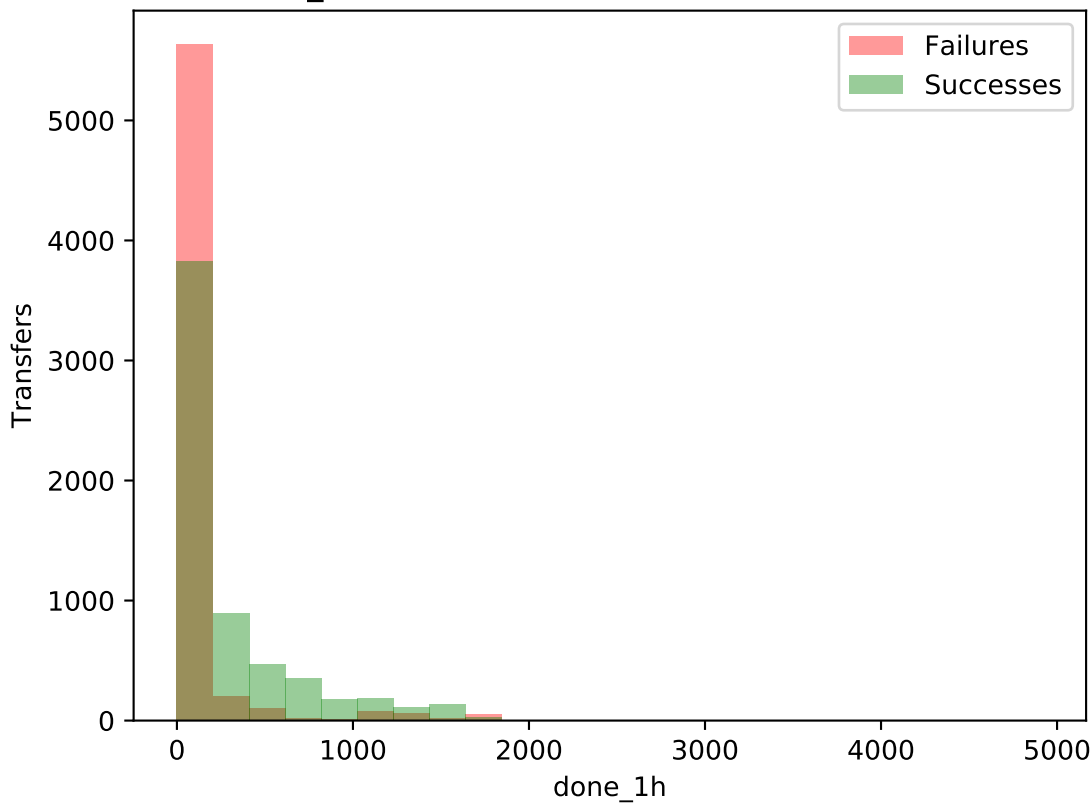

Done\_6h Distribution for mis- and Correctly Identified Failed Transfers

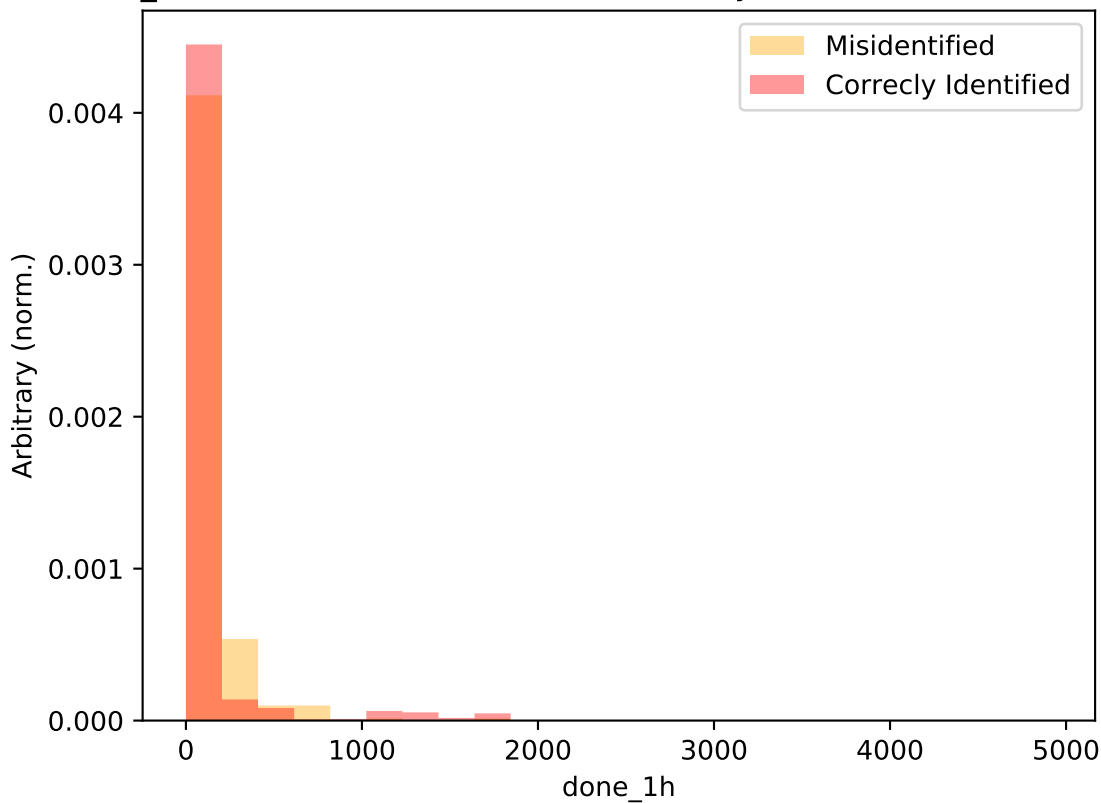

Done\_6h Distribution for mis- and Correctly Identified Successful Transfers

Done\_1h Distribution for Successes and Failures

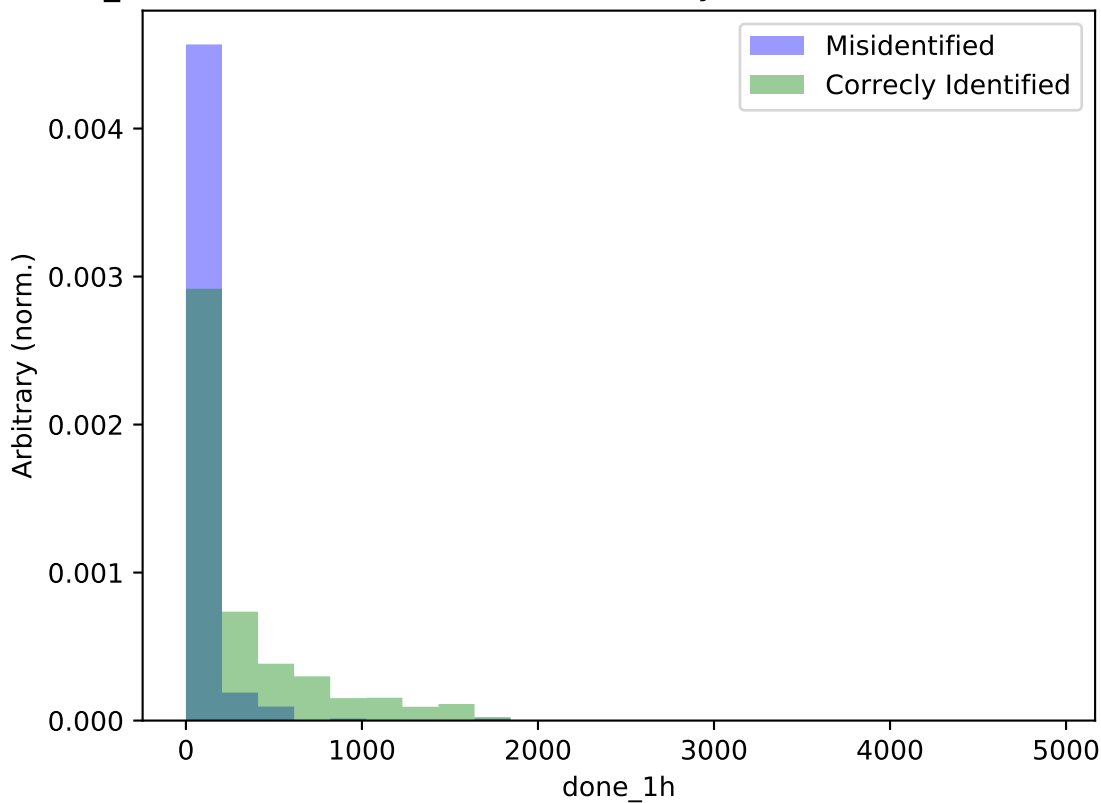

Done\_1h Distribution for mis- and Correctly Identified Failed Transfers

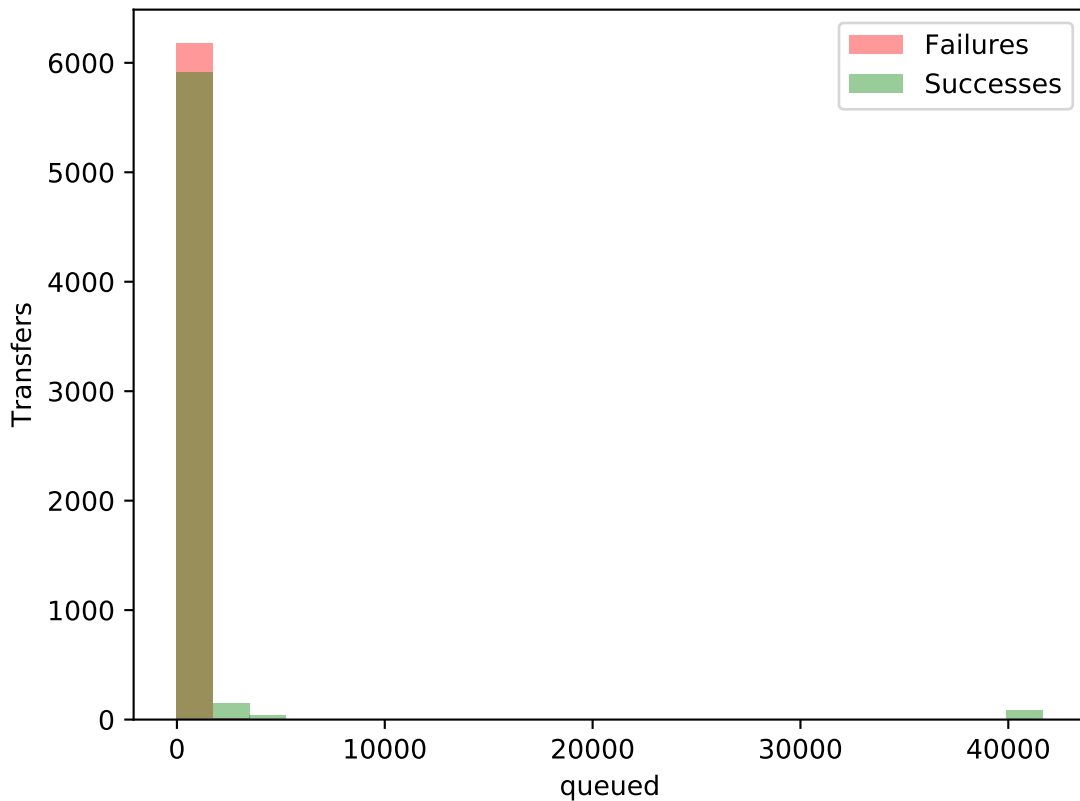

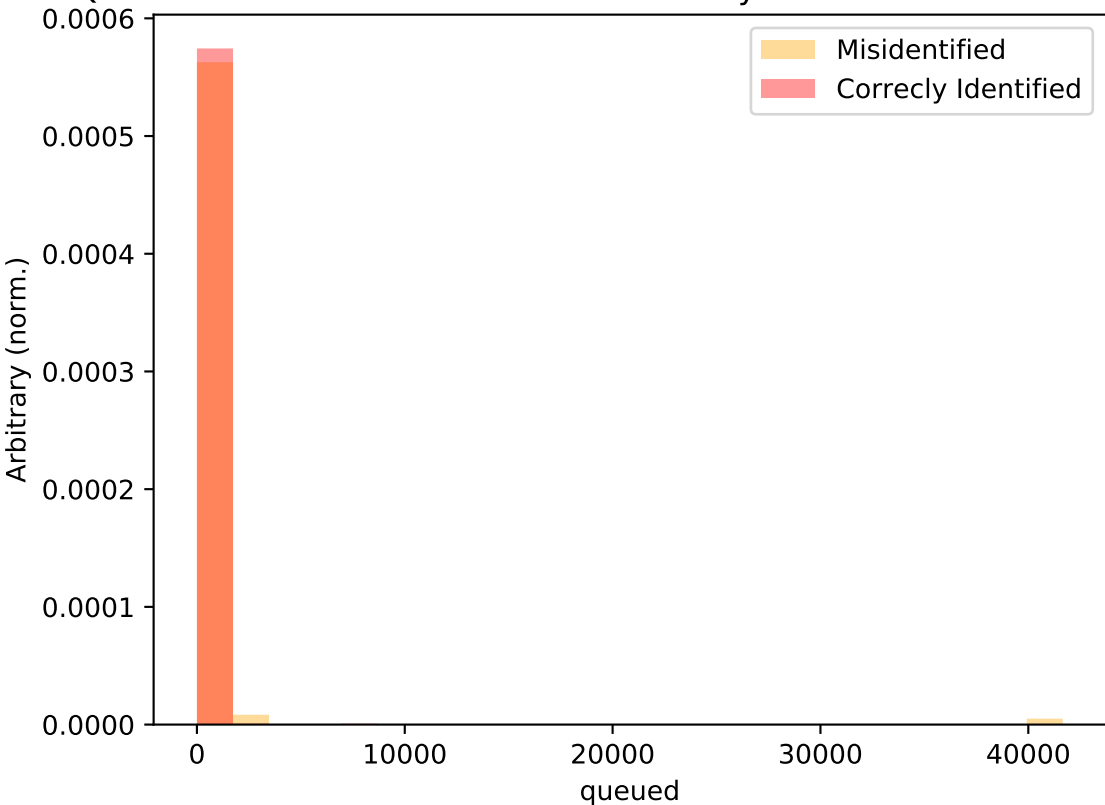

Done\_1h Distribution for mis- and Correctly Identified Successful Transfers

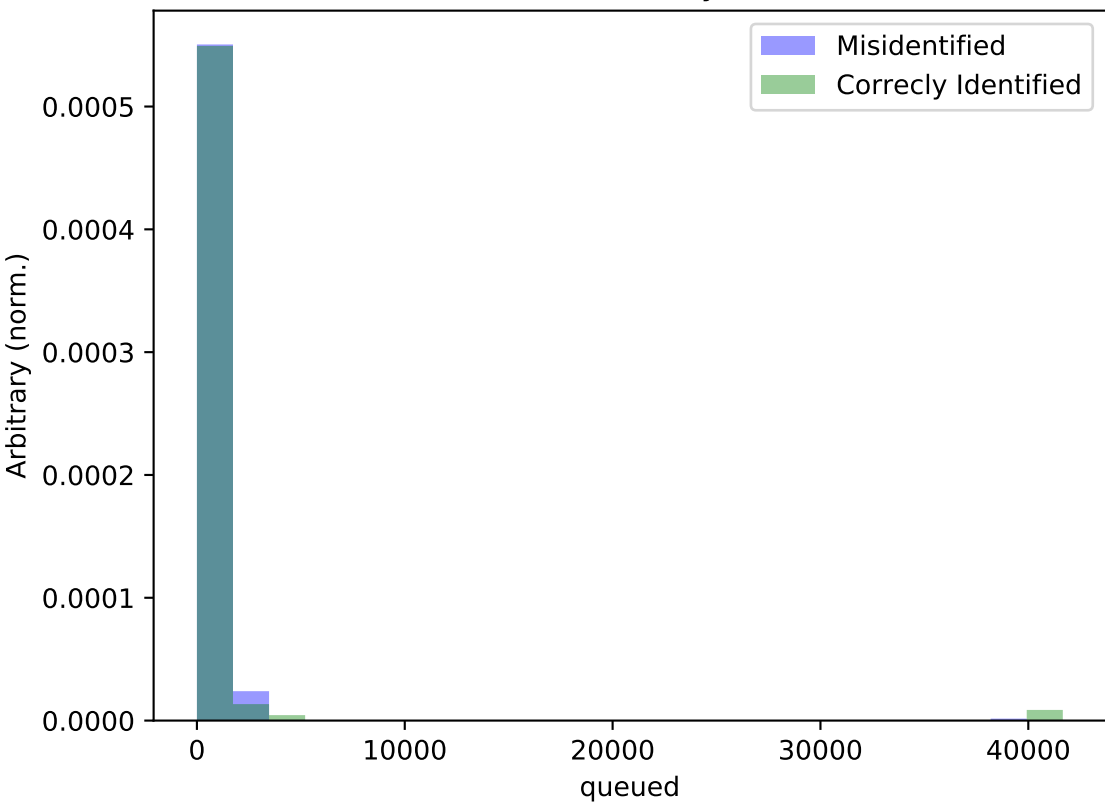

# Queued Distribution for Successes and Failures

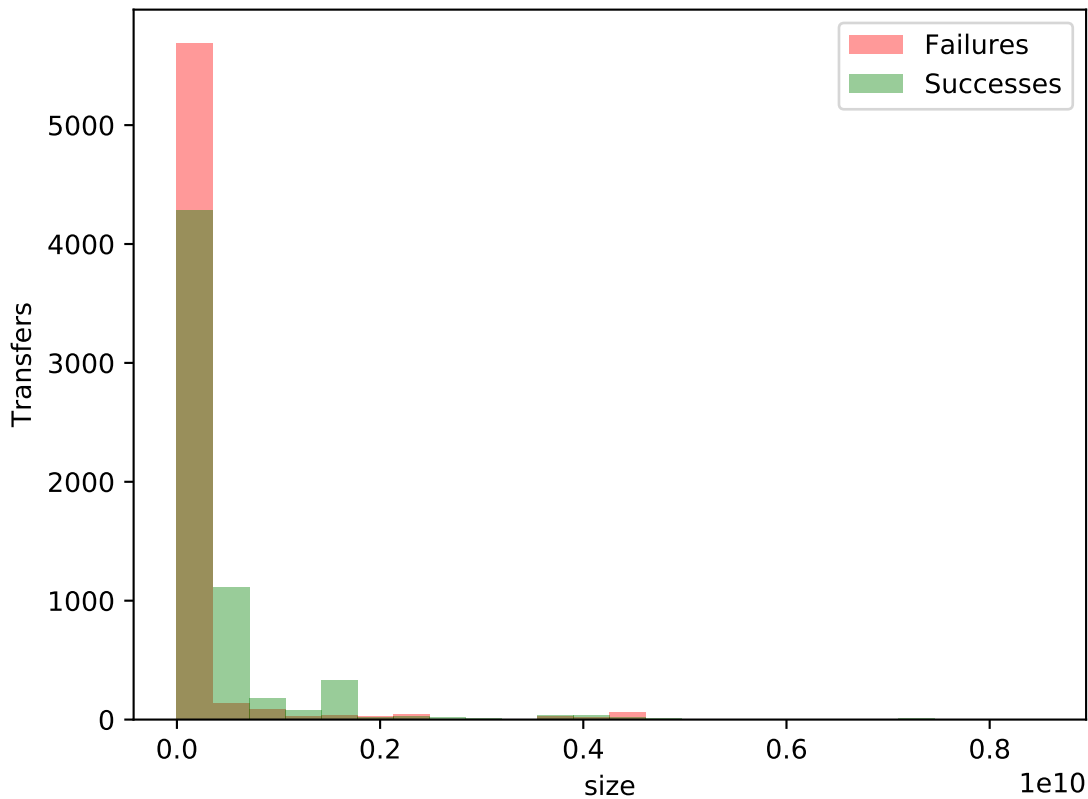

Queued Distribution for mis- and Correctly Identified Failed Transfers

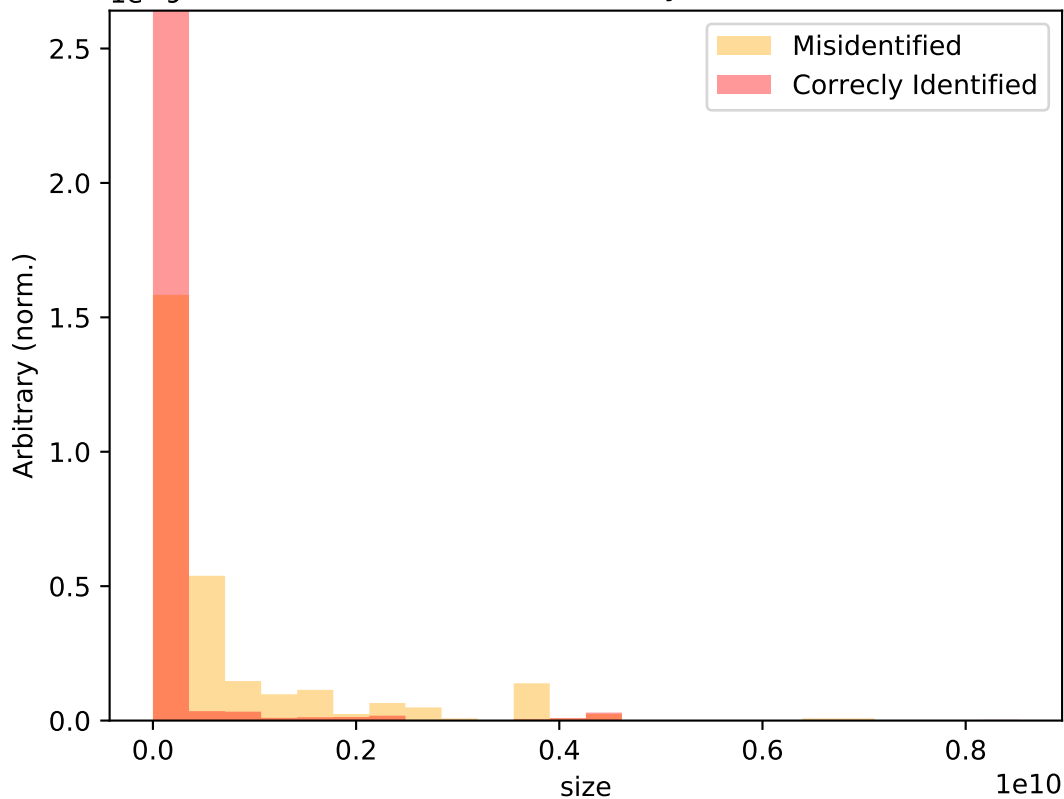

Queued Distribution for mis- and Correctly Identified Successful Transfers

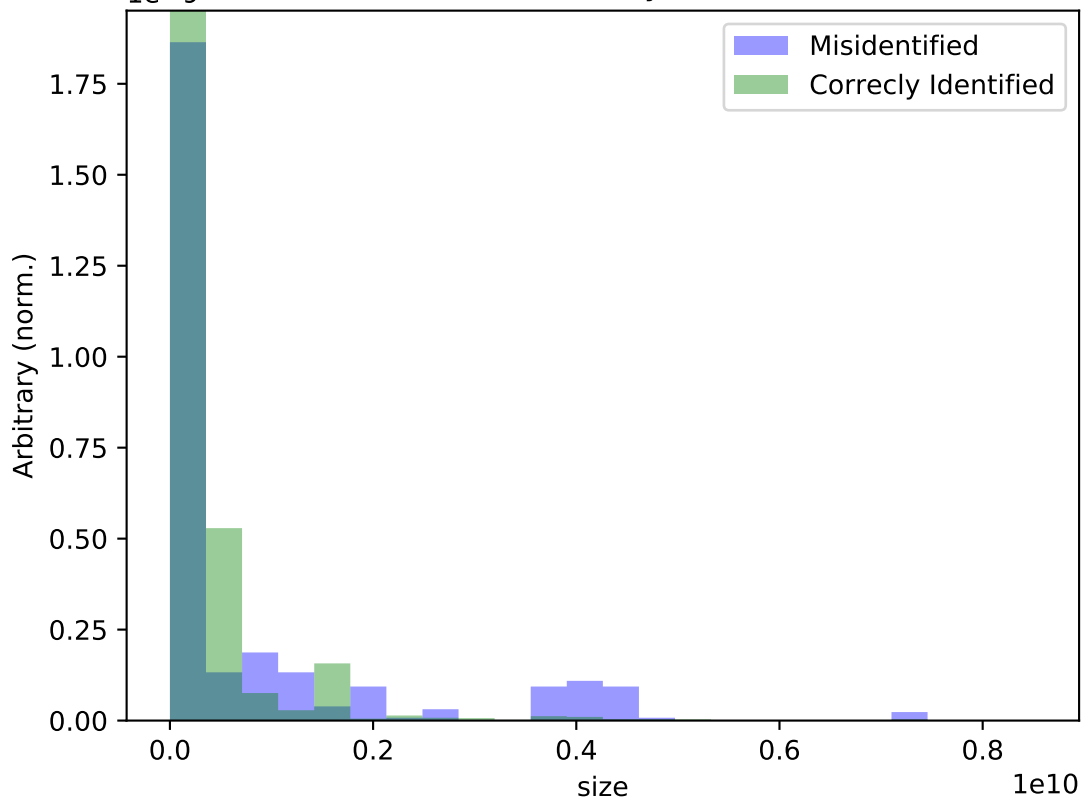

# Size Distribution for Successes and Failures

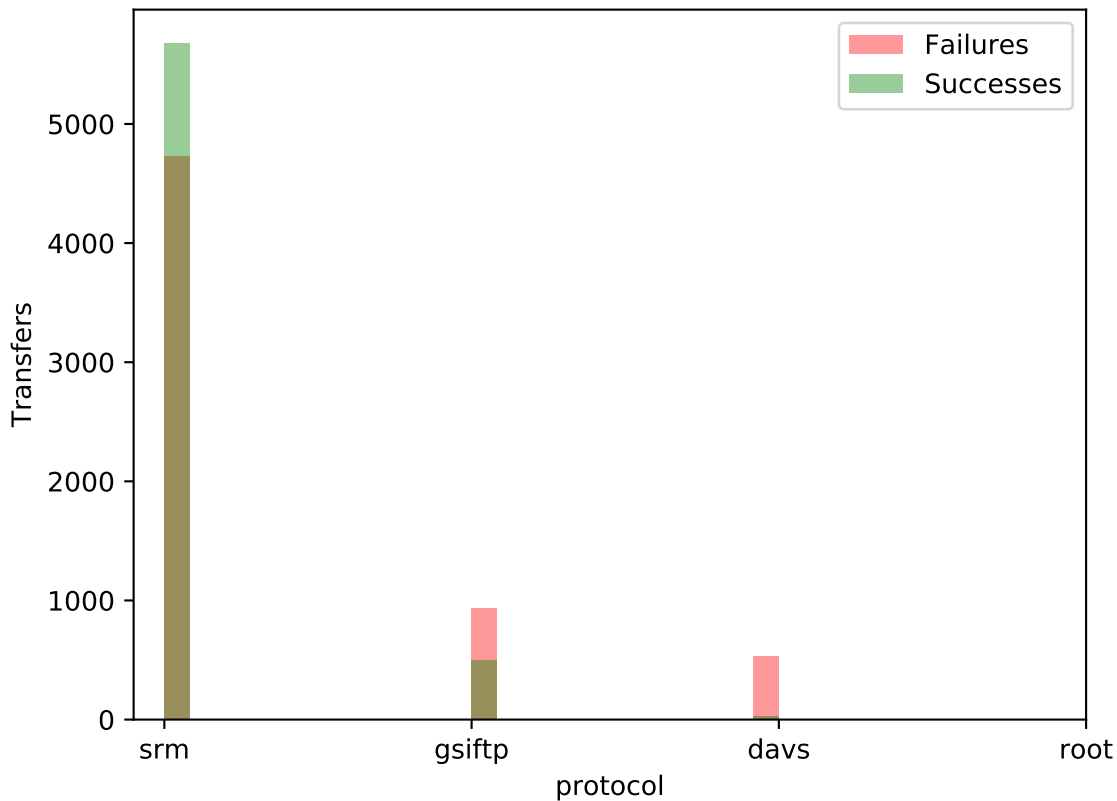

Size Distribution for mis- and Correctly Identified Failed Transfers

Size Distribution for mis- and Correctly Identified Successful Transfers

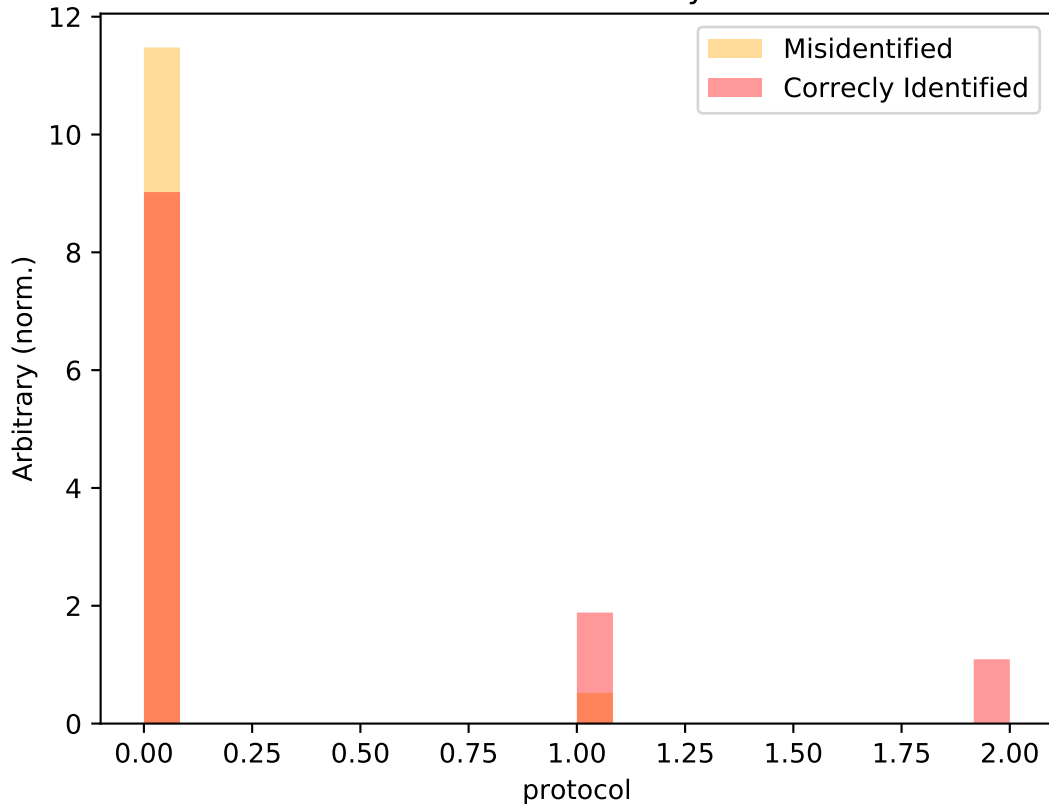

Protocol Distribution for Successes and Failures

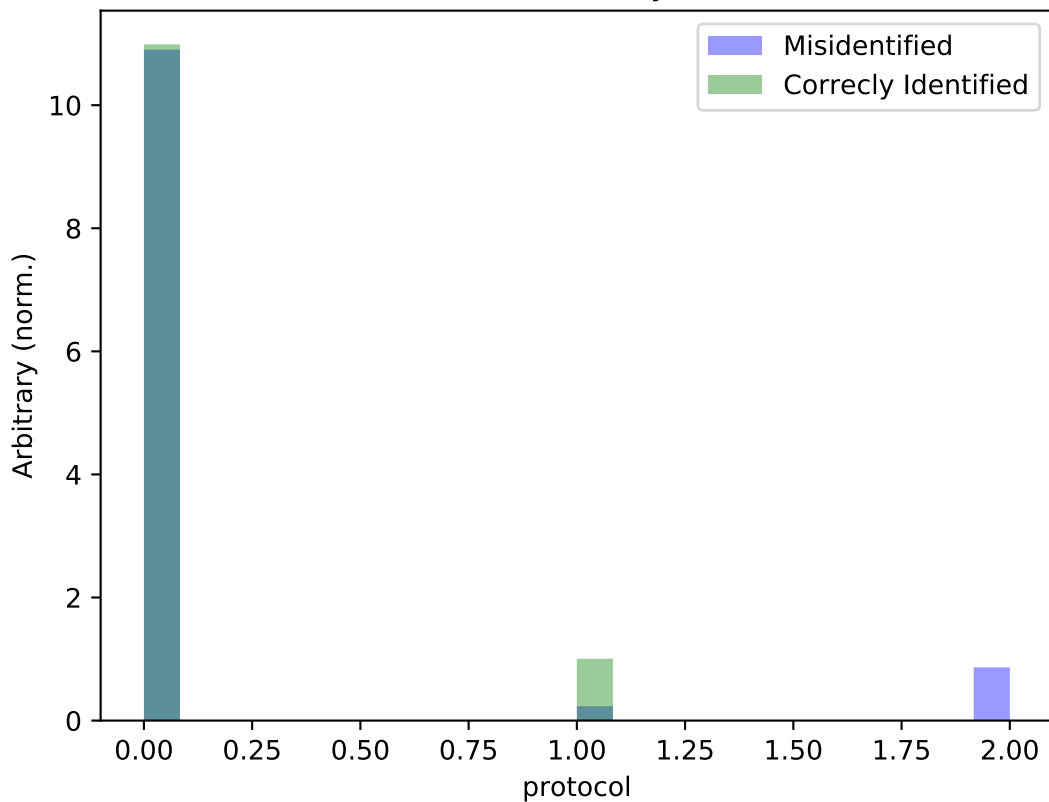

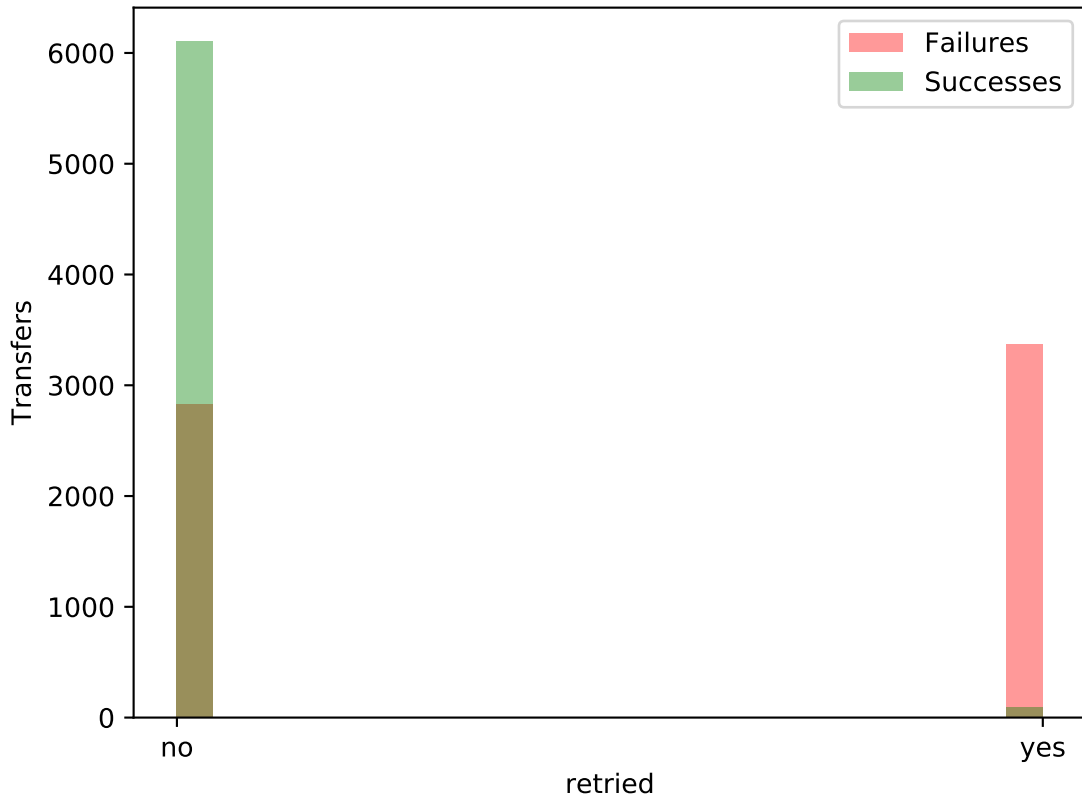

Protocol Distribution for mis- and Correctly Identified Failed Transfers

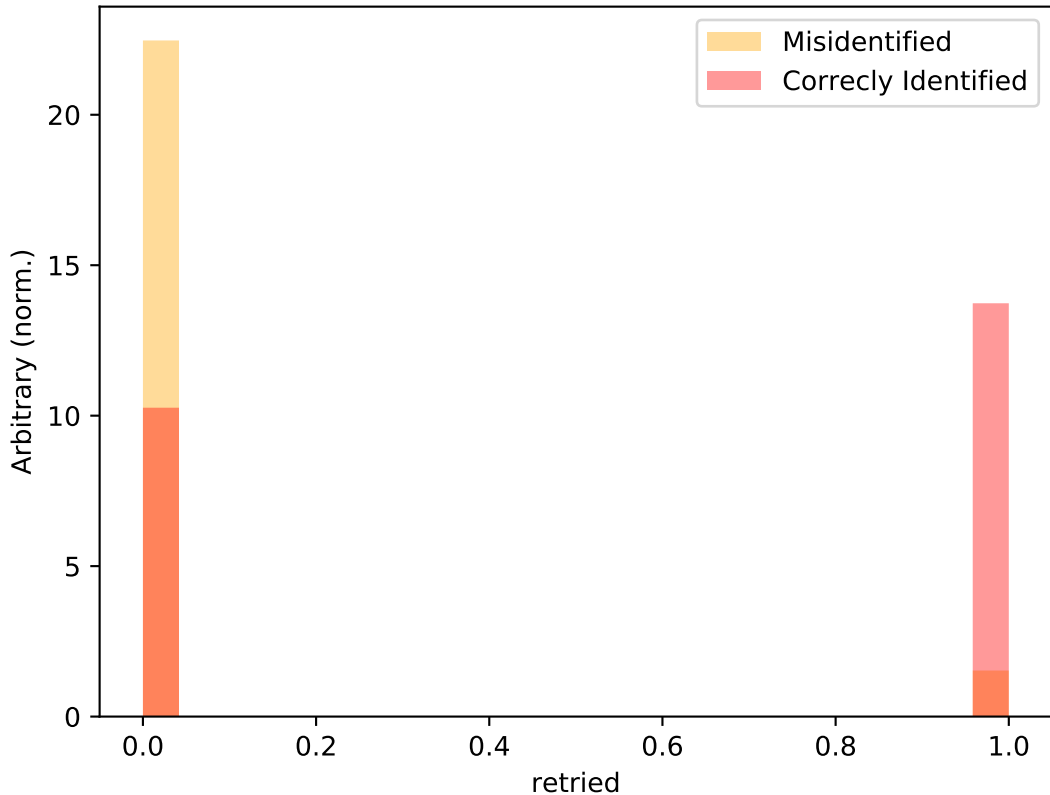

# Protocol Distribution for mis- and Correctly Identified Successful Transfers

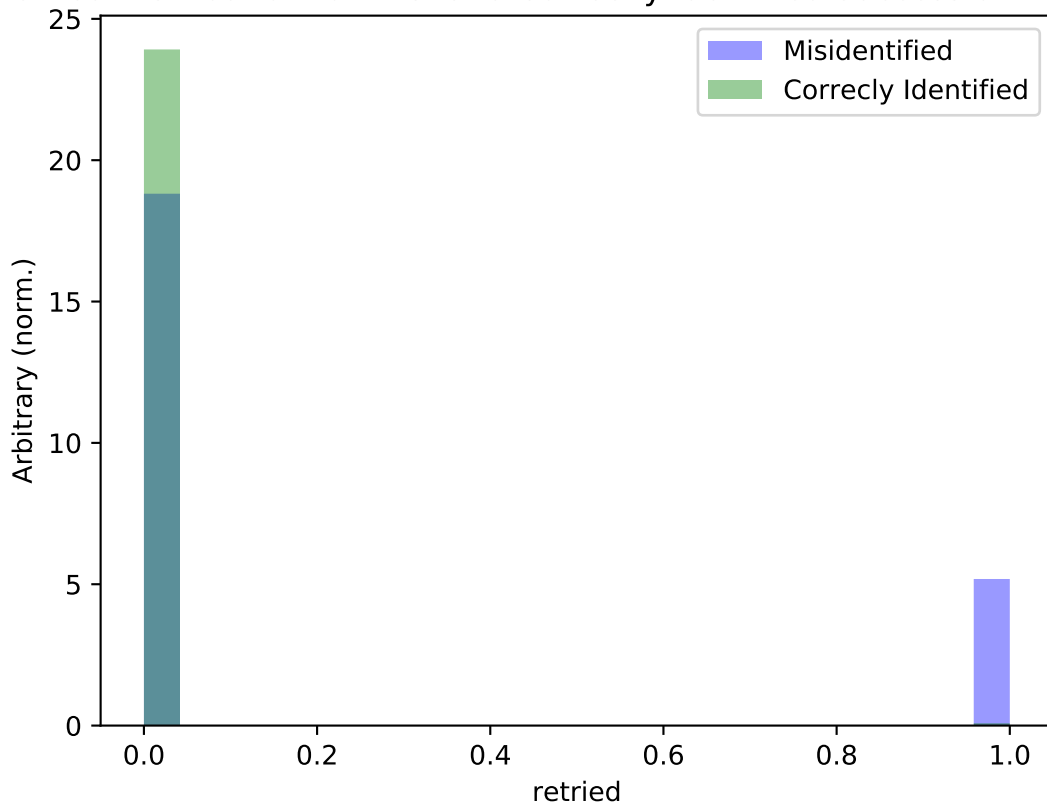

Retried Distribution for Successes and Failures

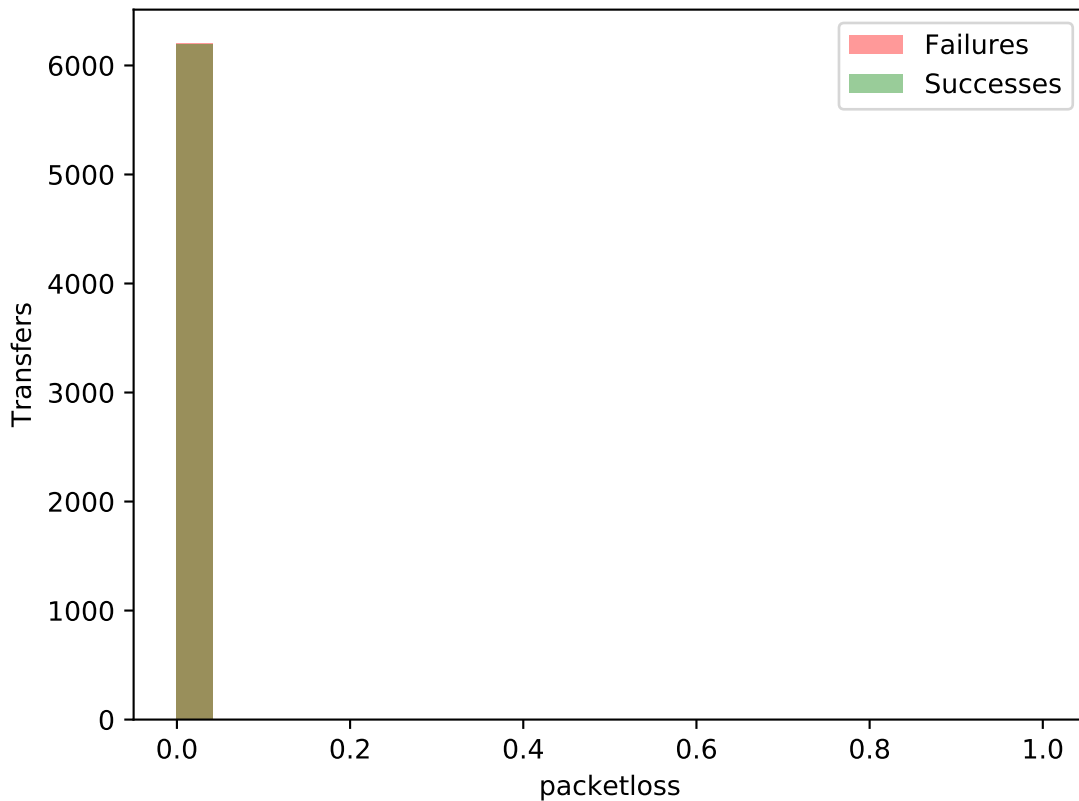

Retried Distribution for mis- and Correctly Identified Failed Transfers

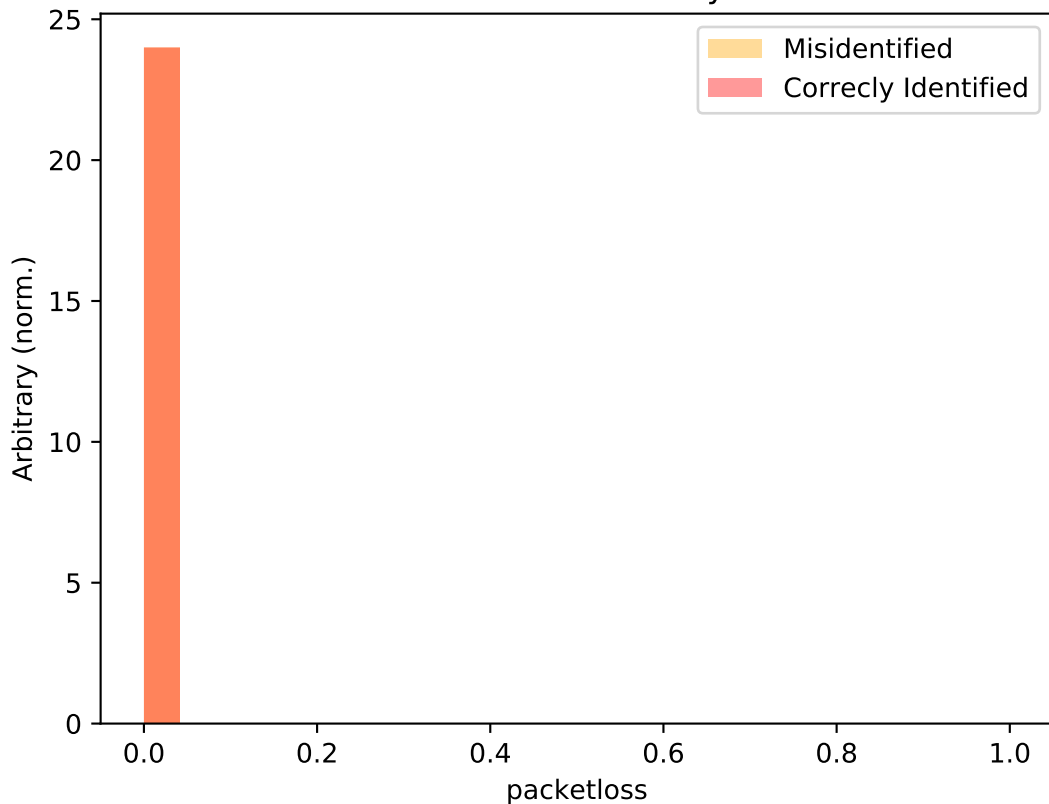

Retried Distribution for mis- and Correctly Identified Successful Transfers

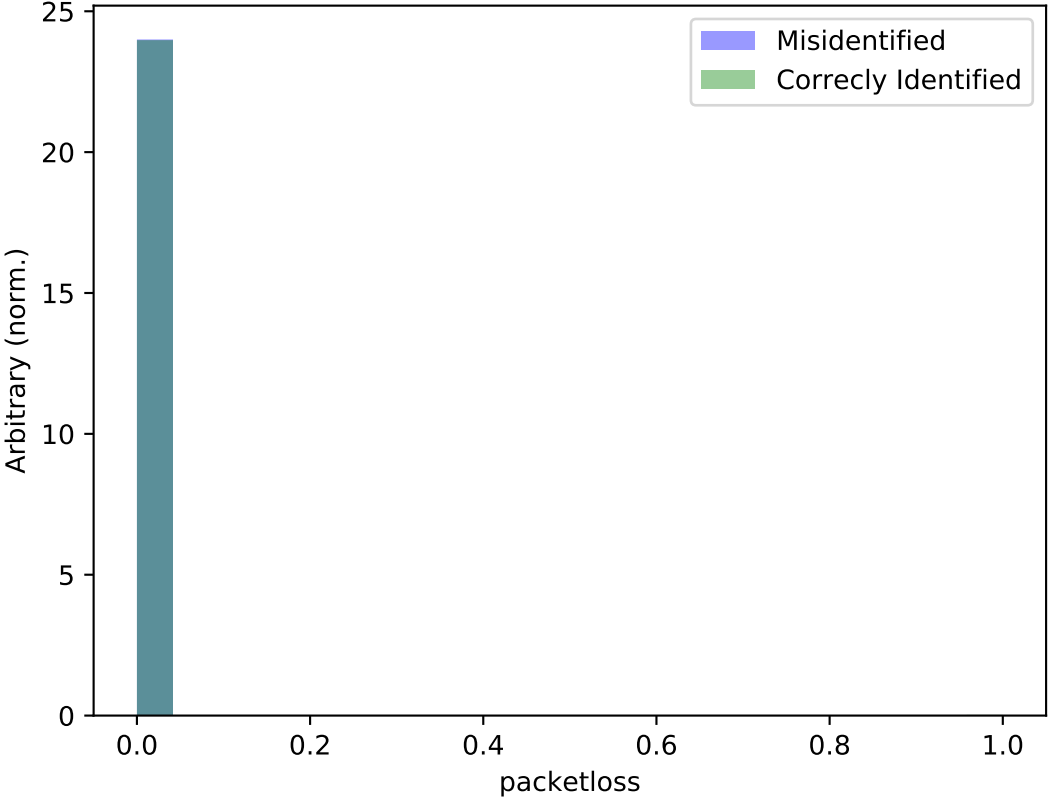

Packetloss Distribution for Successes and Failures

Packetloss Distribution for mis- and Correctly Identified Failed Transfers

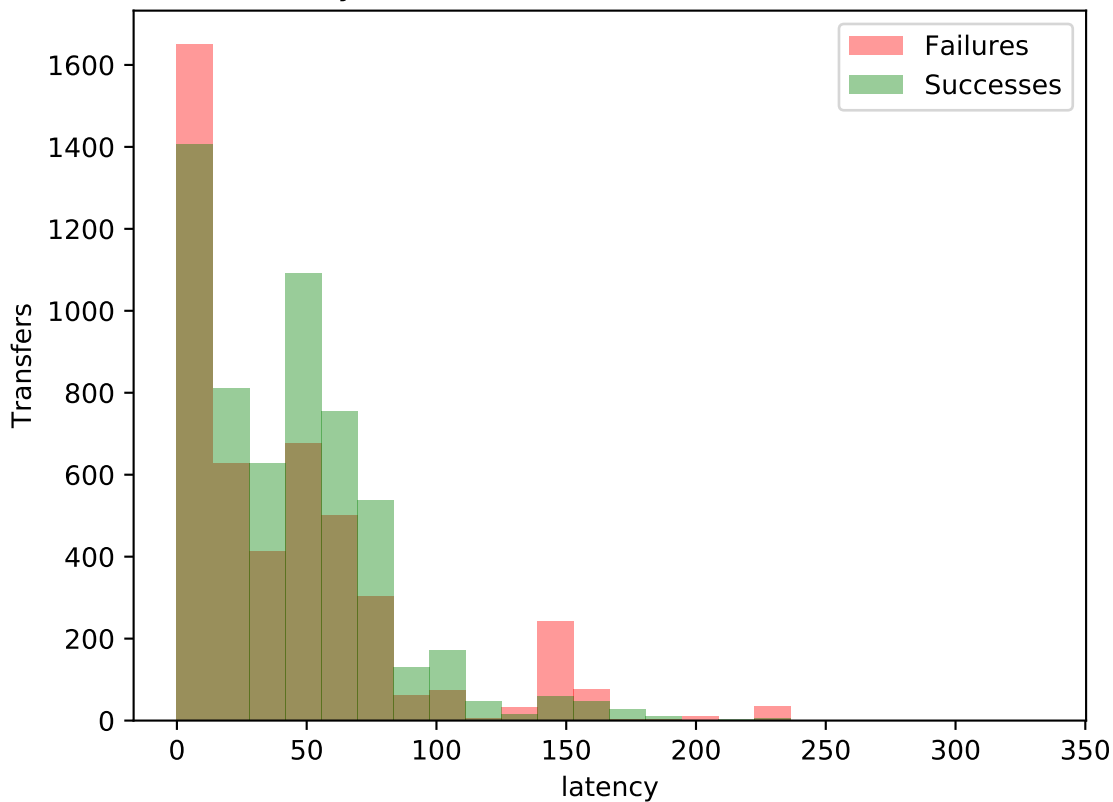

Packetloss Distribution for mis- and Correctly Identified Successful Transfer

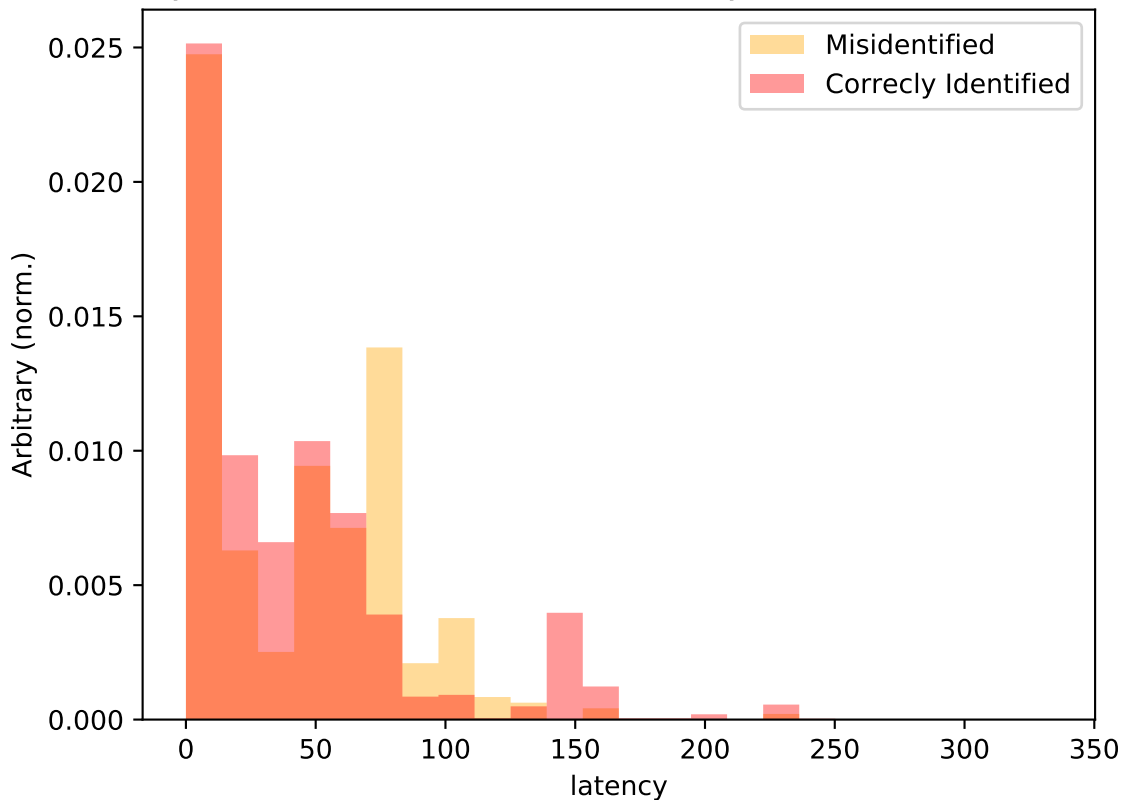

# Latency Distribution for Successes and Failures

Latency Distribution for mis- and Correctly Identified Failed Transfers
